Onekama Trail Team Seeks Community Input

The Onekama Trail Team is inviting community members to share their thoughts as planning continues for the proposed Onekama Trail.

The proposed Onekama Trail is being explored as an attraction to enhance walking and biking around Portage Lake and further connect the residents of Onekama Township and the Village of Onekama.

A short online survey is now open, and community feedback is encouraged early in the process to help inform ongoing discussions.

Take the survey here:

<https://www.surveymonkey.com/r/Onekama>

A Community Open House will be held on Tuesday, January 6, from 4:00 to 7:00 p.m. at the Onekama Township Hall. This informal, drop-in event will allow community members to review information, ask questions, and share feedback directly with the consulting firm working on the project.

Community input gathered through the survey and Open House will allow project consultants working with the Trail Team to explore ideas while ensuring they align with safety standards and practical design considerations. What is learned will be shared at a follow-up meeting planned in the coming weeks.

While the survey will remain open through February, completing it in advance of the January 6 Open House is invaluable.
