

**VILLAGE OF ONEKAMA  
PLANNING COMMISSION MEETING**

**August 10, 2021**

Meeting called to order by (Doug King) at 7:05pm

Present: Valerie Long, Nola Teye, and Doug King

- Previous Meeting: We briefly discussed Fencing, we were given no feedback from the council meeting held in April on what we presented or if would like us to make changes in any form.
- Previous Meeting: We since have been told they tabled the zoning for fencing until other fencing violation matters are dealt with. With the delays due to Covid the new zoning for fencing was delayed and perhaps should have been in place a year ago, and not tabled this spring/summer. Will bring up at the next board meeting.
- Previous Meeting: Discussion about signage that was presented to council for discussion and recommendations. No feed back on signage, not sure what has happened to the proposed Signage Zoning presented to the board.
- Previous Meeting Overlay District was approved without recommendations or understanding of what was to be presented or knowing what our purpose was for the Overlay District. We had asked the Council Members what our purpose was for the Overlay District Zoning, we received no feedback and it was approved.
- Discussion
  - Our discussion focus turned to what is our purpose then?
  - What Direction does the board what us to take on these above matters or future matters?
  - Persons showing interest in sitting on council zoning board, now directed to give information on education, volunteering, work experience. Where as all other member we were just asked. Unsure if the new board put these rules in place or why they ask these questions now.
